

Sandbox - Add a PDF Download - Short Version

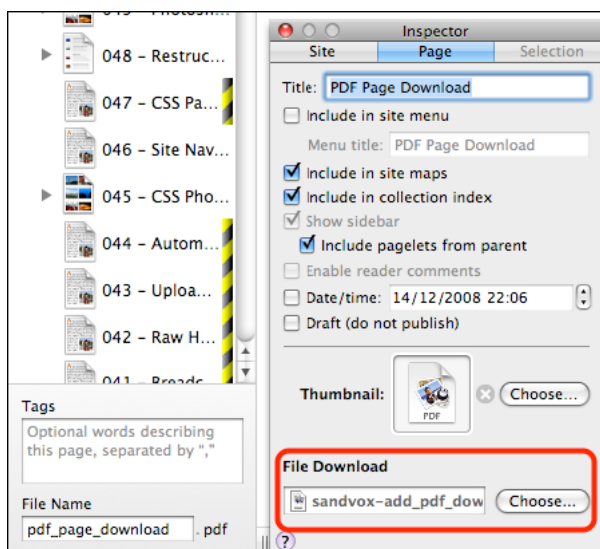

Short version of how to add a PDF to a Sandbox Site Document.

01. Add a File Download page

1.1 From the menu bar click: **Site > Add Page > File Download**

02. Choose... the PDF Document

2.1 From the Inspector for the page, click **Choose...** next to **File Download**. Note: it's very easy to click **Choose...** next to **Thumbnail:** and wonder why it hasn't worked.

Caution Note: if you change the **Page | Title:**, the **File Name** for the PDF will also change to the **Page | Title:**. To change the name of the PDF back to the original name: Re-edit the **File Name** **after** changing the **Page::Title:**
